Technical Skills

- Node.js
- C++
- HTML
- Javascript
- CSS
- jQuery
- REST API
- MongoDb
- PostgreSQL
- RabbitMQ
- Python
- React/Redux
- Angular v6
- Mocha/Chai
- Middleware
- GitHub
- Agile
- Google Cloud

Profile

I am an experienced software developer with technical skills ranging from embedded C++ to full-stack web development. In addition to software development, as a product & project manager, I defined customer requirements and managed product development activities including, medical devices, military communication systems, commercial security systems, and RF power generators. I consider myself experienced in software development best practices and achieved my Lean Six Sigma Green Belt by improving a software development process, which reduced defects by 30%.

Education

Full-Stack Development Program
THINKFUL, NEW YORK

BS, Computer Science
STATE UNIVERSITY OF NEW YORK AT BROCKPORT

LSS, Green Belt
ROCHESTER INSTITUTE OF TECHNOLOGY

Experience

MKS INSTRUMENTS - 2019
Engineering Manager, Full-Stack Web Developer, Product Owner and Project Manager

AGENTS NATIONAL TITLE INSURANCE - 2018
Full-Stack Web Developer

UTC/LENEL - 2017
Product Manager

WELCH ALLYN - 2015
Project Engineering Manager
